Bruce,

LAPD is the enforcement agency. They will be on-site so you will not need any cell phone number. Your request has been sent to them. Furthermore, Section 115.02 does not apply to permittees. Nevertheless, we have made changes from last year:

1) The event will end one hour earlier at 10:00pm
2) We have moved the stage off of the street.
3) We will position the speakers away from your residence on the 5th floor of the Centre Street Lofts to minimize sound traveling backwards. It is my understanding that the windows were flawed and that they are in the process of changing them all out.

In regard to our LA Fleet Week Welcome party on September 1, 2016, I personally ended the music at 9:59 at 7th Street and Centre Street, in compliance with our permit.

Also, I would like to know what the position is of the Centre Street Lofts is as an organization. Please have the board president send me a written document stating what the position of the board is on downtown events. In the future, please bring your concerns to them and have the Centre Street Lofts submit any concerns to our organization that reflects the views of the HOA. We want to ensure that we are responsive to your building and our community as a whole.

Lorena Parker
